

Shefa' Alhendi

Frontend & Mobile Developer | UI/UX Designer

+962 787980339 | shefaalhendi@gmail.com | [Shefa-atef](#) | [Shefaa-atef](#) | [shefaalhindi](#) | [portfolio](#)

PROFILE

Computer Science graduate ranked 1st in class, with hands-on experience building and shipping mobile apps with Flutter and web applications with React. Skilled in REST APIs, Firebase, Supabase, UI/UX design, testing, and AI-assisted development.

EXPERIENCE

Quark Software | Amman, Jordan

Frontend & Mobile Developer

May 2026 – Present

- Build and maintain web and mobile products using React, Angular, Flutter, REST APIs, and reusable components.
- Turn Figma designs and business requirements into responsive, production-ready features.
- Handle the development lifecycle from requirements and implementation to debugging, testing, and delivery.
- Use AI-assisted development and prompt engineering to speed up prototyping, research, debugging, and solution validation.

Flutter Developer & UI/UX Designer

Feb 2026 – May 2026

- Built Flutter applications using REST APIs, Dio, state management, localization, and reusable components.
- Designed user flows, prototypes, and responsive interfaces in Figma, then translated them into functional app experiences.
- Worked with clients on requirements, BRDs, testing, issue resolution, and releases.

Freelance UI/UX Designer

Jan 2026 – Feb 2026

- Designed web and mobile interfaces, wireframes, user flows, and interactive prototypes.
- Turned business and client requirements into structured, development-ready designs.

Software Development Intern

Oct 2025 – Dec 2025

- Supported Flutter development, UI/UX design, and software testing across development tasks.
- Gained hands-on experience translating requirements and designs into functional software features.

SELECTED PROJECTS

Tamrat | Smart Fasting Companion | Flutter, Supabase, Lottie, UI/UX + React website

2026

[Google Play](#) | [Website](#)

- Built and published a multilingual fasting companion with planning, tracking, prayer-time settings, Supabase auth, and light/dark themes.
- Designed the full UI/UX, branding, and responsive React website.

Zaid | Quran Text Assistant | Flutter, UI/UX + React website

2026

[Google Play](#) | [Website](#)

- Built and published a Quran text assistant with verse search, accessibility-based insertion, favorites, history, RTL, and formatting controls.
- Designed the UI/UX, onboarding, store visuals, and responsive React website.

EcoPals | Graduation Project | Flutter, Firebase, Rive, UI/UX + React website

2025 - 2026

[Google Play](#) | [Website](#)

- Built an environmental platform with eco challenges, rewards, rankings, notifications, community features, and an interactive virtual pet.
- Designed the UI/UX and contributed to the responsive React website.

GitHub

- Developed a CNN-based handwritten digit recognition system focused on robustness against adversarial attacks.
- Achieved 99.08% MNIST accuracy and 98.47% adversarial robustness, with preprocessing, model evaluation, adversarial testing, and an interactive Streamlit interface.

EDUCATION

B.Sc. Computer Science - Hashemite University | Zarqa, Jordan

2022 - 2026

GPA: 3.87 / 4.00 – Ranked 1st in Class

- Relevant coursework: Data Structures & Algorithms · Database Systems · Machine Learning · Mobile Development.

CORE SKILLS

Frontend	React · JavaScript · HTML · CSS · Responsive Web Development
Mobile	Flutter · Dart · Provider · MVVM · Dio · Localization · Android Integration
Backend & Data	Firebase · Supabase · REST APIs · SQL
Programming	Java · Python · C++ · OOP · Data Structures & Algorithms · Version Control
UI/UX	Figma · Wireframing · User Flows · Prototyping · Design Systems · Responsive Design · Graphic Design
AI & Prompt Engineering	Prompt Engineering · AI-Assisted Development · AI-Assisted Debugging · Rapid Prototyping

AWARDS

First Place — Nahnu Youth Innovation Hackathon, Water Conservation Track | 2026

- Won 1st place in a national hackathon for water/waste management; led product ideation, UI/UX, and development.

Top 5 — Samsung Solve for Tomorrow | 2019

- Finalist for designing and developing a technology-based plant-health solution.

Top 10 — Zarqa Green Projects Hackathon / IRADA | 2024

- Selected among the top 10 of 138 entries for designing an eco-focused app promoting sustainable habits via digital engagement.

TRAINING

- Artificial Intelligence — Samsung Innovation Campus
- Flutter & Dart — Academind / Udemy
- Python Training — STEAM Center & ZINC

LEADERSHIP & COMMUNITY

- OSBOHA180 — Team Leader, Graphic Designer & Video Editor
- Google Developer Student Clubs (GDSC) — Core Member, Speaker & Designer
- Shoman Ambassador — Public Speaker

LANGUAGES

Arabic — Native | English — Fluent
